2018- REE- 00852-F	11/09/2017	(b) (6)	-	1) What is the position of USDA on my consecutive arrests in Missouri and prolonged incarceration in Maryland? Why is the deletion of my video now posted on YouTube wrong? Is Freud not a fraud? Is prison not hell on earth? What is the "My Brother Keeper," initiative? What to make of my time in prison: 6 months? Is that fair sentencing for a Trespassing charge? How to put into effect common sense sentencing reforms? In which instances do courts have flexibility in sentencing? How is a criminal record making it difficult to find employment? Does it not equate with a collateral consequence in the labor market? How have changes in the severity of sentencing and enforcement led to longer sentences and higher conviction rates for all offenses? How have changes in arrest patterns contributed to incarceration growth? How to explain Blacks and Hispanics accounting for over 50% of the incarcerated population despite representing only 30 percent of the population? Why arrest people without just probable cause and then compound the harm by using excessive force? (Dunaway v. New York, Martin v. Solem, Illinois v. Gates) What is police brutality? Do people not have significant liberty interest in standing on sidewalks and in other public places? Why are blacks 2.07 times more likely to be searched during a vehicular stop but are 26% less likely to have contraband found on them during a search? Why is force used against them at disproportionately high rates? What are the causes and consequence of racial profiling? 2) How to advocate for a clean, productive and well protected environment and for sustainable environment behavior? How to protect endangered species? How to encourage people to become vegetarians? How to encourage all species to become vegetarians? What is the USDA Program Discrimination Complaint Form AD-3027? What are the Animal and Plant Health Inspection Service (APHIS), the Animal Care Information Search (ACIS) database and the Enforcement Actions (EA) database? Has APHIS previously brought administrative enforcement actions to be heard before the Office of the Administrative Law Judge (OALJ)? What were the outcomes of the complaints filed with OALJ? What is the Administrative Procedures Act (APA)? What is the Animal Welfare Act? What are 7 U.S.C. § 2132; 9 C.F.R. § 11.1; 7 U.S.C. §§ 2131 and 9 C.F.R. §§ 1.1? Why not proactively disclose information requested? What are section 552(a)(2), 552(a)(3), 552(a)(4)(B) and 552(a)(6)(C)(i)? Does 5 U.S.C. § 552(6)(A) not require agencies to respond to FOIA request within 20 days after receipt of request? Do agencies have an affirmative duty to post documents to a reading room absent a request? Why should FOIA provide remedy for civil rights violations? Does FOIA contain an express private right of action providing review in cases to be 'de novo'?	Other Reasons - Not Agency Record
